# Crisis Solution

In the face of evolving global security threats, we provide support for businesses and individuals through insurance and risk consultancy expertise – to keep your business in business and your people safe and secure.

There are two clear reasons to buy a Crisis Solution policy:

### **Crisis Solution Insurance**

We cover the costs arising from a broad range of threats that may impact your people, business, brand or reputation. Some types of crisis are covered automatically as part of your core coverage, others are optional. This guide outlines the types of crisis we respond to and the coverage provided.

### **Risk Consultancy**

We also provide our customers with world class crisis consultants, guaranteeing immediate expert support wherever you are and whatever the circumstances. This guide summarises the support you can expect from AIG and our panel of carefully selected consultant partners.

What's Inside Crisis Solution:

## How it Works

We provide Crisis Solution insurance on a per event basis. This allows our clients to use the insurance multiple times through different crisis events. We aim to provide broad coverage, extending cover to all your salaried employees and temporary employees, including consultants and contractors if required. The following costs will be paid as a result of an insured event: ransom and loss of ransom, additional expenses, legal liabilities, crisis consultancy, death and disability.

# Core Insurance Covers

## Extortion

In an extortion scenario the perpetrators demand ransom payment as a condition of not carrying out the threat. Our extortion coverage responds to illegal threats to kill, injure, abduct your people, to damage property or disseminate trade secrets or confidential information.

What's Inside Crisis Solution:

## Core Insurance Covers

### Detention

The act of holding people against their will can be effected by anyone, including government authorities. Detentions can arise from cultural misunderstandings, political or religious affiliations, a deteriorating security situation or just being in the wrong place at the wrong time. Global travellers, foreign workers, and expatriates can be particularly vulnerable. Any detention lasting over 3 hours that's unrelated to a proven criminal offence or a failure to produce correct documentation is covered.

What's Inside Crisis Solution:

## Core Insurance Covers

### Kidnap

Kidnap for ransom remains an important source of income for criminals throughout the world. Sitting at the heart of your Crisis Solution policy, any alleged, attempted or actual kidnap is responded to by the industry leading support of NYA.

What's Inside Crisis Solution:

## Core Insurance Covers

### Hijack

A hijack, like a detention, is triggered when people are held against their will or 'under duress' while travelling. Example scenarios include plane hijackings, protracted carjackings and water vessel seizures.

What's Inside Crisis Solution:

## Core Insurance Covers

### Express Kidnap

An emerging crime trend is shorter term abductions with the intention of rapid financial gain (such as repeatedly forced withdrawals from an ATM). These fast-paced abductions, often concluding in a matter of hours when maximum withdrawal limits have been reached, have been termed 'Express Kidnapping'. Our Crisis Solution coverage extends the definition of kidnap to allow for this type of short term, face-to-face encounter.

What's Inside Crisis Solution:

## Core Insurance Covers

### **Disappearance**

Disappearance covers investigation costs following the disappearance of an insured person who has been missing for more than 48 hours, whatever the reason.

What's Inside Crisis Solution:

## Core Insurance Covers

### Security Evacuation

This extension covers the emergency extraction of expatriates or internationally based personnel from any location around the world, should the security environment significantly deteriorate. AIG Travel manages thousands of emergency evacuations every year and coverage can extend beyond the cost of extraction, to salaries, personal effects and the cost of relocation too.

Coverage for NatCat & Medical is also available.
